<https://attendee.gotowebinar.com/register/964915279969441538>

Please register for Skedula Administrative Setup on Sep 08, 2015 4:30 PM EDT at:
<https://attendee.gotowebinar.com/register/1863189891583377922>

6. STUDENT WORK SUBMISSIONS THROUGH PUPILPATH

Student work can now be uploaded to Skedula through PupilPath. The student submissions can leverage the power of Google docs, but are flexible enough to allow uploads that do not use Google.

This webinar will demonstrate the options to:

- Allow teachers to use any Gmail account or restrict the teacher account to a certain domain, including the school's Google apps domain
- Allow students to use this feature through PupilPath without an email address or restrict student access to a certain domain, including the school's Google apps domain
- Attach a document to an assignment as Supplemental Material – this is the same as our current upload feature
- Attach a document to an assignment as Required Material – this will allow students to upload work documents through PupilPath. Teachers can attach an existing Google doc, a new Google doc or a Word, Excel or Powerpoint file
- Allow teachers to permit students to upload miscellaneous files for their assignment

- Posting the completed work to a permanent Student Portfolio

After registering, you will receive a confirmation email containing information about joining the webinar.

Please register for Student Work Submissions on Sep 21, 2015 4:30 PM EDT at:

<https://attendee.gotowebinar.com/register/5894891222939915266>

7. TOUR OF COMPASS – THE CONSTANT AWARENESS DASHBOARD

Take a tour Compass, our new constant awareness system, including:

- Customizable Early Warning Indicator Flags
- Customizable charting options
- Student Profile pages
- New grouping features

Please register for Compass - the constant awareness system on Sep 2, 2015 3:00 PM EDT at:
